

Hilliard Transportation, 2019-2020

As we come to the end of the 2018-2019 school year and start to look towards next school year, we would like to remind our non-public students to register for transportation for the 2019-2020 school year. To do so, please visit our website at www.hilliardschools.org. Select “Transportation Services” under the “Department” tab, then select “Non-Public School Transportation”. Once your registration form is received, our district staff will review your information and determine if we are able to provide transportation or if it will be impractical for us to do so. If it is deemed impractical, you will receive a letter/form from our office offering you Payment in Lieu of Transportation. Please sign the form and return upon receipt.

Thank you,
